PEACE

ON TOUR WITH THE MONKEES

—IAN
MELDRUM

I have learnt my lesson . . . don't leave the stirrers for a moment . . . yak, yak, yakity, yak . . . some stories they concoct . . . would leave a Mothers' Club Meeting for dead . . .

Luverly STANLEY has been going hell for leather with his poison pen . . . one received a different impression at the PRESIDENT motel about his dislike for the MONKEES . . . Stan you did attend one of their shows . . . come to think of it . . . you did speak to them . . . didn't you?

PETER TORK does wear odd socks . . . one night seen wearing an iridescent green and yellow pair.

I cannot remember seeing so many familiar faces lurking around the MONKEES motel . . . wonder what they wanted . . . after all prior to the MONKEE visit . . . most of the same familiar faces . . . canned the MONKEES . . . still STAR names have funny effects on people.

3XY receive the MONKEES award . . . heavens knows what they received from the hotel management . . . quite a groovy scene.

Dahhhling MAGGIE McKIEG seen at the MONKEES press reception, Sydney . . . yes siree, she certainly has that adult image . . . still the older you get . . . the more you learn.

Micky Dolenz a home movie fanatic . . . took endless reels of film during their guided tour of the Brisbane animal sanctuary . . .

MIKE NESMITH rather kinky towards sea foods . . . still there is plenty of fish in the sea . . .

MONKEE HEADQUARTERS . . . Melbourne . . . don't ask me . . . I'm trying to still figure it out.

DAVY JONES . . . loves early morning walks . . . all that fresh air . . . good for the system. Bill, David, Rick and Brendan could do with some of the same relaxation.

MICKY and SAMANTHA . . . very much in love. MARCIE and the COOKIES threw a party in Brisbane . . . fantastic party . . . one place DAVY was able to go without being mobbed.

PETER TORK and girlfriend . . . drove down to Sydney from Brisbane in a hired car . . . wanted to have a good look at the Australian countryside . . . wonder if anybody recognised them on the Pacific Highway?

DAVY took time off to have a look at Surfers Paradise . . . for dinner we stopped at a fish and chip shop . . . a taste of the old country.

MONKEES, Australian tour manager . . . TED HUTCHINSON . . . very "kinky" towards rocks . . . insisted that the MONKEES should have a look at the "rock" at Greenmount, Surfers Paradise . . . still poor Ted wasn't quite himself that day.

Yes, Peter Meckennal . . . you did look like one of the MONKEES party . . . of many images.
